

CALIFORNIA LIBRARY ASSOCIATION
111th ANNUAL CONFERENCE
OCTOBER 29 – NOVEMBER 2, 2009
PASADENA, CALIFORNIA

The California Library Association Conference is held once a year. It has many programs focusing on “public library” services. This year I am recommending that we send two staff members to the conference. We have two grants from the State that will allow us to pay for one staff member each. My recommendation is to send Lizeth Legaspi and Norma Gerardo. These conferences always provide the opportunity to see how other people deal with the situations that are encountered on a daily basis. They also re-energize the individual, and validate a lot of what they think and experience at the work site.
