To Whom It May Concern:

My name is Sergio Cabrera and I lived in the Imperial Valley for the past 14 years. I am the cousin of Carlos Cabrera Cox, a well known multi-talented artist from Nogales, Sonora Mexico.

I have been representing Carlos and a group of his colleagues here in the Imperial Valley. Their work and some of them have been here in the Valley in two different occasions for a series of art exhibits. One took place at The Pioneers Museum between May 20 to May 27 of 2005 and the other was through The Calexico Arts Commission at The Historic De Anza Hotel in Calexico, Ca. on Friday April 14th of 2006, during a Collective private exhibit of Domingo Ulloa's artwork. Both experiences were fabulous for both the artists and the expectators having good turnouts and a great environment as well.

I would proudly like to propose to the Commission with the idea to bring this group of great artists and their work to the Imperial Valley again. They are a group that can be anywhere between five to eight individuals, maybe more. Most of them are painters and there are also one or two photographers as well. Most of them are from Nogales, Sonora, Mexico but there are some from Nogales, Arizona and lately, they had an art exhibit together were they displayed their work inspired in issues common to a border between Mexico and U.S., with great success.

I would like to come to meet with all of you on your next monthly meeting, where, I can show you some pieces of a personal collection I own of paintings from Carlos I have had the privilege to acquire over the years. We can discuss the possibility of having an exhibit with their art and different ideas as well.

I can be reached at any of the numbers listed above for any questions or comments. Thank you very much!

Sincerely yours.

Sergio F Cabrera
